

VSP DIABETIC EYECARE PLUS PROGRAM

VSP® Vision Care is committed to providing members with the best eye care, as well as helping you manage your overall health.

That's why we offer the VSP Diabetic Eyecare Plus Program™. This plan allows you to receive additional follow-up medical eye care services from your VSP doctor, who knows your eyes best.

WHAT'S COVERED UNDER THE DIABETIC EYECARE PLUS PROGRAM

Members with diabetes who do not have diabetic eye disease receive a covered-in-full retinal screening (digital imaging of the inside of the eye). These retinal photographs help your doctor establish a baseline to monitor and track changes in your eyes over time.

If you have diabetic eye disease, glaucoma, or age-related macular degeneration, you can also receive:

- Additional services that track and monitor diabetic eye disease progression
- Follow-up medical eye exams deemed necessary by your VSP doctor
- An additional eye exam with refraction for changes in vision due to diabetes medication(s)

DID YOU KNOW?

VSP members can save up to 75% on test strips and other diabetes care supplies. Visit vsp.com/simplevalues to access your savings.

THE PROOF IS IN THE VISION PLAN

- Visit your VSP doctor whenever needed—services are covered with just a copay.² No referral is needed.
- At your appointment, tell them you have VSP. There's no ID card necessary.
- We'll handle the rest—there are no claim forms to complete when you see a VSP doctor.
